

# Handheld Microwave Oven Leakage Meters

## *HI-1501 Survey Meter*

The HI-1501 is Holaday's most popular Microwave Oven Leakage Meter.

The device provides accuracy and portability for widespread use by oven manufacturers, service technicians, regulatory agencies and public health officials.

It is virtually immune to failure caused by excessive fields. Three ranges are available for increased resolution in leakage measurement.

### **Specifications**

Frequency Response	2450 MHz
Ranges	0-2, 0-10, 0-100 mW/cm <sup>2</sup>
Accuracy	± 1.0 dB (0-2, 0-10 Ranges)
Response Time	Fast Mode: 1sec Slow Mode: 2.5 secs (to 90% of Impulse Level)
Maximum Power Density	2 W/cm <sup>2</sup>
Dimensions	8.9 W x 15.3 H x 6.4 D cm (3.5" x 6" x 2.5")
Probe Length	30cm (12")
Probe Cable Length	1.2m (4')

### **Standard Accessories**

Fitted Carrying Case  
User Manual
